

This morning while using the FEC's webform software, the committee had what was thought to be an unsuccessful attempt to file a Form F6 for a single \$1,000 contribution. A second attempt was immediately successful.

The original attempt was however subsequently discovered to have been uploaded successfully. This resulted in a duplicate filing for the same contribution. Both FEC-358120 which the FEC accepted at 10:22:28 and FEC-358124 which the FEC accepted at 10:27:59 refer to the same \$1,000 contribution.
